

ANYTIME SOCCER TRAINING

# How to Get Started

Four simple steps for your team

READY WHEN YOU ARE

Here is everything you need, on one page.

| STEP | WHAT TO DO                                                                                                                                                                          | WHO      |
|------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| 1    | <b>Create an account</b><br>Create your account in the onboarding portal.<br><a href="http://www.anytime-soccer.com/onboarding-portal">www.anytime-soccer.com/onboarding-portal</a> | YOU      |
| 2    | <b>Send us your roster</b><br>If you would rather not, just tell us the number of players you expect.                                                                               | YOU      |
| 3    | <b>We send your invoice</b><br>Once it is taken care of, your team is ready to train.                                                                                               | US       |
| 4    | <b>Invite the families</b><br>We invite your families, and you can invite them too.                                                                                                 | US + YOU |
